THE SAKE LIST AT aqua kyoto

“ Nihonshu wa ryori wo erabanai ”

Sake does not get into fights with food

The origins of sake date back to 4800 B.C. in China, but brewing techniques have been dramatically improved upon over the centuries by the Japanese.

As with wine, the finest sake starts with the finest ingredients: the purest water, premium sake rice, special yeast and koji; an enzyme particular to sake-making. Fermented and brewed like beer, it is served like wine and is characterised as a wine due to its higher alcohol content. Sake has an incredibly diverse range of flavours.

From sweet to dry, fruity to floral, bold to elegant, earthy to herbal and with over 14,000 different sakes produced by over 1,800 sake breweries worldwide, there is something for everyone.

The sake list has been curated by our sommelier to showcase how versatile sake can be when matched with food.
